

DID YOU KNOW?

- In 1972 then President Nixon's budget message stated that, "a new commitment to the aging population is long overdue". Congress created the "Older Americans Act", designating funding in part to provide nutritious meals for all seniors.
- That the Ventura County Area Agency on Aging distributes those federal funds among the county's ten cities to support the Senior Meal Program.
- That the dollar amount appropriated by Congress at that time has *NEVER* been increased until this past fiscal year, and then, only by 1%.

Step 4—Fold down here ↓

- That due to great enthusiasm and innovative management practices at each city meal site, over **16,000** meals are being served monthly to county seniors, both at their homes and at congregate meal sites.
- The average cost of each meal is about \$5.00
- The average donation made by seniors for these meals does not cover the cost of the meal, its storage or delivery.
- This shortfall is made up in part by each city, *and* by generous donations from county residents *like you!*
- *Please* continue to help support this valuable program by sending your check to SNAC today. The Senior Nutrition Action Council is an all-volunteer 501(c)3 non-profit organization. All of your donation will go to directly support the program of your choice.

I would like my donation to support the meal program at:
